**TO WHOMSOEVER IT MAY CONCERN**

We are pleased to certify that **Mr. Chandan Cherukuri Sudhir** has successfully completed the internship at Psiog Digital from **July 01, 2025**, to **August 01, 2025**.

During the course of his internship, Chandan developed a mini online shopping application using **Spring Boot (Java)** with role-based access control for secure authorization. He designed and implemented the **MySQL database schema**, integrated it with the Spring Boot application, and created **REST APIs** secured with **JWT-based authentication and authorization**. He also built the **frontend** using HTML, CSS, and JavaScript, integrated it with the backend APIs, and delivered a fully functional end-to-end solution.

As Chandan moves forward in his career, we hope that the knowledge and experience gained during his internship at Psiog Digital will be beneficial to his professional growth. We believe that he has the potential to achieve great success, and we wish him the very best in all future endeavours.

Please feel free to reach out to us if you require any additional documentation or references.
